

W/C: 20.04.20 Zog by Julia Donaldson

This week your challenges are linked to the story 'Zog' by Julia Donaldson. If you have this story at home, you could start the week off by reading it together.

We have tried to make it as flexible as possible for you this week. We have come up with some suggested activities but please feel free to come up with any of your own or go with the children's interests. These are just ideas that we hope will be helpful. You can choose to do any of them, as and when you would like to. 😊

1. Listen to the audio book of Zog on the Amazon website <https://www.amazon.co.uk/Zog/dp/B00JPZQMXU> or the animated version on <https://www.bbc.co.uk/iplayer/episode/b0bwdw8y/zog>.

2. Can you go on a Zog treasure trail in your garden? Or can you make your own?
Here is an example,

<u>Clue 1</u> In this year, Zog learnt how to capture a princess. 	<u>Clue 2</u> The little girl gave Zog something to put on his head. 	<u>Clue 5</u> The next clue lies hidden in the year group where Zog learnt to roar!	<u>Clue 6</u> Zog tried to capture a princess from this place.	<u>Clue 9</u> Find the pretty pink dragon deep in the sand!	<u>Clue 10</u> The Yellow stripy dragon has your next clue, he is hiding on the trim trail!
<u>Clue 3</u> Zog tried his best every day at school to win this... 	<u>Clue 4</u> Look at page 2 and you will find the next clue near the habitat of what the green dragon is trying to eat! 	<u>Clue 7</u> The next clue can be found in the playground of the year group where Zog tried to learn how to breathe fire!	<u>Clue 8</u> The blue dragon is hiding in a place where people like to dance, he has the next clue.	<u>Clue 11</u> Madam dragon will lead you to the treasure, she is teaching in the Year One base. Keep your eyes peeled for her!	

3. Can you build the castle from the story? You can use any materials that you like, Lego, cardboard, sand, clay or wooden blocks. Alternatively, you could paint a picture of a castle on some paper or in your book. If you wanted to get outside for some outdoor play, you could create a castle with some large cardboard boxes or any materials that you have.

4. Look at the different dragons in the illustrations. Can you create a new character for the story? What is his/her name? Can you describe him? What does he/she look like? What is he/she like?

- 5 Can you make a list of the rhyming words in the story? Can you make a list of your own rhyming words, or write a story that rhymes too?
- 6 Could you write a set of instructions to teach a young dragon like Zog how to fly? Here is a suggestion of how to set them out.

How to _____

What you need:

What to do:

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

- 7 Could you write a similar story showing what different creatures might learn at their own schools (e.g. a unicorn, a mermaid, a goblin)?

Maths

In school we follow the White Rose Maths scheme. White Rose Maths currently have some activities on their website for home learning. Please use the following link to access. <https://whiterosemaths.com/homelearning/year-1/> Thank you!

Here are some other ideas to use as well. Please do not feel that all of these must be completed. It is just to give you a range of activities.

1. Counting forwards and backwards to 100. There are lots of songs available to support this. <https://www.youtube.com/watch?v=bGetqbaDVaA>

- Counting in 2's, 5's and 10's. There are lots of songs to support this.
<https://www.youtube.com/watch?v=GvTcpfSnOMQ>
<https://www.youtube.com/watch?v=EemjeA2Djjw>
<https://www.youtube.com/watch?v=Ftati8iGQcs>
- Can you find different natural objects in your garden? Can you estimate how long/tall they are? Can you check your estimates by measuring? You can use non-standard units of measure, for example, cubes or standard units, a tape measure or ruler?
- Using natural objects, can you make different 2D shapes? Can you use stones to make a circle? Can you make a triangle from twigs?
- Find a variety of objects in your home and outside. Which is heavier? Which is lighter? Can you weigh fruit by holding them and the putting them in order from lightest to heaviest?
- Throw a ball or beanbag at a number, shout a number that is one more or one less than that number. Can you challenge yourself and try 10 more or 10 less.
- Add and subtract one-digit and two-digit numbers to 10 and 20.

Geography

- Can you draw a simple map showing Zog's route to school? Can you use a key?

Science

- Look at the different animals and plants shown in the illustration. How many can you identify? Can you draw and label any of the animals and plants?
- Princess Pearl helps Zog at different points in the story. Can you learn some first aid? Could you make a poster to teach first aid skills to other people?
- The dragons all learn to roar as loud as possible. Can you plan an investigation to measure how loud different sounds are? Here is an idea of how you could carry out the investigation.

Far-off sounds
We are learning to recognise that sounds change at different distances.

Which sounds will you hear from:

Sound	Close up	A short way off	A long way off	Far away
Bells 				
Pencil 				
Talk 				
Own test sound				

Put a ✓ in the box if you can hear it. Put an X in the box if you can't.

- Make a poster to teach the dragons (or people) about fire safety.
- Investigate which materials would be suitable for Sir Gadabout's armour. Which materials are the strongest?

6. Make a set of instructions to teach the dragons how to look after Sir Gadabout's horse.

Design Technology

- Princess Pearl doesn't like silly frilly dresses. Can you design some new clothes that she might like?

Art

- Look at the different colours shown in the illustrations. Can you try to make some of these colours / shades by mixing different art materials?

Please do continue to complete your 20 minutes daily reading, as well as accessing those websites/games each day for phonics (Phonics Play, Teach my monster to read, Phonics Hero, Spelling Shed). We do encourage the children to get outside as much as possible to complete any of the activities or any other ideas you may have, especially whilst the sun is shining. 😊 Don't forget about Joe Wicks daily P.E. as well as Cosmic Yoga on YouTube. There are so many fantastic ideas being shared by others on the school Facebook page too. Thank you for your continued support!

Mr Johnson, Mrs York and Mrs Richards
