Home learning 13.07.20

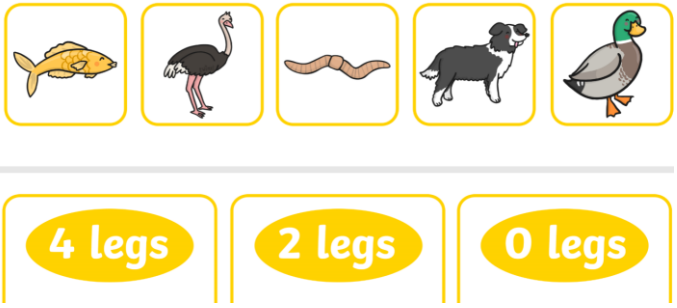

This week our key text is 'How many Legs' you can watch the video of the book here:

https://www.youtube.com/watch?v=gmUY5bXkVKQ

There are activities related specifically to the book on the white rose website https://whiterosemaths.com/homelearning/early-years/

Alternatively here are some other ideas that you may like to do at home with your child related to the book ☺

1. Can you sort the animals out into different groups based on how many legs they have?

2. Can you match the adult animal to the correct baby? Can you find out what the baby animal is called? Eg calf, foal, kitten
